

Becoming a PI Practitioner

Empower your organisation's experts to drive change and build a better workforce. Learn how to apply PI's methodology and take your business to the next level.

Learning Objectives

By the end of this workshop you will be able to:

- Develop and apply practical organisational management strategies that maintain team members at their peak performance and engagement.
- Identify how your organisation can utilise the insights provided by PI to address key business issues and opportunities.
- Build high-performing teams by understanding the diverse behavioural drives and needs of your workforce.

Immediate Impact

- Increased efficiency and productivity stemming from a more collaborative and engaged workforce
- Improved recruitment and development of high potential talent fully aligned with company values, goals, and culture
- Build a core group of experts able to apply the PI methodology where it will most affect change in the organisation

Expert Facilitators

This workshop is led by management consultants around the globe. Facilitators are experts in PI science and practice. With an average of 20 years of business and consulting experience, they help you optimise business impact and performance.

“

The information provided in this workshop is presented in such a way that as soon as you leave the classroom, you can put it into effect to help guide and steer the building and development of your organisation.”
